

YOU CAN MAKE A DIFFERENCE

HERE ARE SOME SUGGESTIONS IF YOU WANT TO
HELP SAVE WILD ANIMALS AND PLANTS...

1. Learn all you can about nature. People will listen to you more often when you know the facts.
2. Write letters and let people know what you think should be done to help wildlife.
3. Help other people to learn why plants and animals are becoming endangered and what they can do to help.
4. Don't buy or try to keep as pets animals that have been taken from the wild. Let your pet store know that you really care about this.
5. Don't buy products or clothing that have been made from wild animals.
6. Please support zoos and organizations that are working to help endangered species.
